FARMER'S INSTITUTE BEST EVER

Enthusiastic Crowd Attends All the Lectures Which Were Delivered by Those Who Know

ELECTION FOR ENSUING YEAR.

On Wednesday, Nov. 24th., there was held in Marion, Ky., a Farmer's Institute, and the Record-Press is glad to note that there was a large and enthusiastic crowd in Marion on that day. Farmers were here from adjoining counties and attended all the exercises. Crittenden county farmers were more in evidence at this meeting than any heretofore. The speakers were E. C. Martindale, of Wilkinson, Ind.; D. S. Kelsey, of Hartford, Conn.; and Miss Margaret Penick, of Charleston, Iowa.

The first speaker of the day was Mr. Kelsey who spoke in the court house in the morning on "Soils and Fertilizers." Close attention was given to this talk, by all present, as it was one of the best ever given here. Mr. Martindale appeared about half-past eleven and took the floor. He first held an election for the ensuing year. Mr. W. B. Yandell, President; Joe Dean, Vice President; Lester Terry, Secretary; delegates to State Institute at Frankfort, Jeff Clement and Joe Dean with Will Taylor and W. B. Yandell alternates.

Mr. Martindale then gave a short talk on "Soil Fertility," which attracted very close attention. Adjournment was taken for dinner. Re-convened at one o'clock when Mr. Kelsey spoke on "Alfalfa and Clovers." At about this same hour Miss Penick spoke in the school auditorium on "Home Economics." The room was nearly full. She gave a splendid lecture which was fully appreciated by her audience.

At the close of Mr. Kelsey's address Mr. Martindale again addressed a crowded court house on "Live Stock and Soil Fertility." He held his audience and laid a great deal of stress on the Dual Purpose Cow. At the close the chairman asked Mr. Jake Crider, of Fredonia, for a few remarks on "Alfalfa," and then took a crack at Mr. Martindale

BENNETT AND GRAHAM NUPTIALS

Our Efficient County Attorney Robs Dycsburg of One of Its Most Promising Young Ladies.

Mr. Trice Bennett, our efficient County Attorney, has recently manifested much interest in our little town. His frequent visits were much appreciated by our good citizens, feeling that his efforts were for the betterment of our unfortunate people, but we did not realize that he had another motive in view--that of robbing us of one of our sweetest and prettiest young ladies--Mrs. Ida Lou Graham. But, our loss is his gain and we hope he may realize that fact.

Ida Lou is a lady of sweet, refined nature, worthy of the love and kindness of a good husband, and we have no reason to doubt that she will find this in Mr. Bennett, as he comes to us well recommended. Their courtship has been quietly progressing, but in the end came as a surprise to their many friends. They were quietly married at the residence of Dr. J. M. Graves in Dycsburg, on Dec. 4th at 1:30 p. m.

Only a few friends and relatives were present to witness the solemn and impressive ceremony performed by Brother Chandler, of Marion, Ky.

After congratulations from each one present, they left for Louisville, Ky., for a short honeymoon. The bride looked her best in a brown travelling suit and the groom in his conventional black. Notwithstanding the limited time for preparation Mrs. and Dr. J. M. Graves made themselves equal to the occasion by decorating the parlor with lovely pot flowers and lighted candles and colored lamps, and as the bridal party approached with Mr. Lon Graves and sister in lead, Mrs. Decker presided at the piano rendering the Flower Song in its sweetest, saddest tones. All looked beautiful in the gloaming.

The bride is a cousin of Mrs. Graves--they both being nieces of the late S. H. Cassidy--who was one of our most substantial citizens. We trust the future for this young couple may be filled with roses of brilliant hue and they may have a long life of happiness and prosperity. We

trust also that Mr. Bennett will come again with his efforts to help our people out of their many tribulations. But for his cool, calm and thoughtful consideration our little town, recently was about to be engulfed in a miniature war, therefore we place him in the helm of Wilson the 2nd, and Mrs. Graham whose marriage to Z. C. Graham a few years ago, was only the victim to the companionship of a young, thoughtless school boy, not yet through sowing his wild oats, but his fond parents gave her all the luxuries of a palatial home in Grahamville, Ky., and she endeared herself to them as a dutiful daughter. The young blood will arouse from its lethargy all too late to realize that the little treasure has flown to the strong arm of an older and wiser protector. In this is also the portrayal of the gentle and confiding little Kentucky woman, who simply bore her heart aches in her quiet boudoir--so unlike the new popular woman suffragist, loud in condemning the faithlessness of man.

Now, who can doubt, that the cool thoughtful deliberate minds of these two young people embarking on life's stormy sea, will find the sweet refuge in a peaceful, contented home where our dear Savior will reign supreme and guide, guard and direct. --Is the wish of the writers Two of her best friends.

Telephone Announcement.

It may be of interest to the Telephone users of Marion and vicinity to know that the Home Company has entered into a contract by which its Marion Exchange is now connected with the long distance system of the Cumberland Tel. and Tel. Co., and its associated companies. Connection may now be had to and from the Marion Exchange stations of the Home company, and all points on the lines of the Bell system. Where the lines of both the Bell and Independent companies reach the same town the sender of the message may select the line he prefers to use, and so notify the operators by calling for Cumberland line if he wishes to use the Bell service.

I'm Going, Are You?

The music and play lovers of Marion are promised a rare treat Friday evening, Dec. 16th, when Miss Lena Holtzelaw, assisted by the High School Orchestra and other members of the High School will give a Novelty attraction at the School Auditorium This

is a new feature in entertainment for Marion but it promises to be a very pleasing one.

An important attraction on the program will be the play, "Who is Who?" The plot of the play is well developed and has enough mystery about it to make it intensely interesting from first to last. If you like good plays don't fail to see and hear, "Who is Who."

The music will be furnished by the Marion High School Orchestra and it goes without saying that the people of Marion will show their appreciation of this deserving group of talented young people by attending the Novelty Entertainment, Friday night.

Col. Zoo Zoo and his Zo Bo band will arrive in time to take an important part on the program. This is Col. Zoo Zoo's first appearance in Marion but he comes with a reputation second to none. His music is the kind that always pleases; the kind that drives away the blues and "leaves a pleasant taste in a feller's ear."

In short this is what the Novelty Entertainment Co. offers: A splendid play, clever actors, good music, an extraordinary Zo Bo band, new readings, catchy songs, charming costumes and five dollar bills to those who do not laugh.

School Auditorium, Friday night, Dec. 17th.

Family Re-Union.

Last Saturday, Dec. 4th Mrs. Sarah Ann Lamb, 70 years of age, relict of John L. Lamb who died 10 years ago, had a family re-union, the first in twenty-four years at which all of her children were present. Those who were there to enjoy the day were: Robt. M. Lamb, of Detroit, Tex.; Annie Dean, wife of J. N. Dean, of Deanwood, T. Edgar Lamb, of Orienta, Okla.; Ada Lamb, wife of Frank Lamb, of Iron Hill, Herbert Lamb, merchant, of Crayne, Ky.; Eva Dean, wife of Ed F. Dean, of Sugar Grove, Preston P. Lamb, who is heart whole and fancy free still making his home with his mother at the old Lamb place, Agness Drennan, wife of Wm Dave Drennan. There are about 30 grand children all of whom were present excepting the children of Robt. and Edgar who did not bring their little folks from Oklahoma.

It was a happy occasion and one never to be forgotten. It is not probable that all will ever be together again in this world.

DECLAMATORY CONTEST HELD

Saturday Night, Dec. 4th, at Rosebud Church in Division 3. Eight Schools Represented

TWO MEDALS WERE AWARDED

The declamatory contest of division No. 3 was held Saturday night last at Rosebud church. There were eight schools represented, namely: Walnut Grove, Applegate, Heath, Baker, Seminary, Hoods Creek, Post Oak and Oakland.

The contestant from Walnut Grove gave "Our Hired Girl." This was well given by the little fellow and was awarded the silver medal.

Next speaker was Herman Writtenberry, of Applegate, delivered "What the Clock Saw." This speech showed that the speaker had been well trained, also freedom of speech. He is one of those fellows who can smile at defeat and try again.

Next speaker was from Heath, "The Arab's Farewell to His Steed," which was splendidly given, one of which the school should be proud of.

Fourth, Miss Mae Newcom, of Baker, "Whispering Bill." Miss Newcom is a very smooth, enthusiastic speaker and should feel congratulated though she did not receive the medal.

Fifth speaker, Miss Dewey Powell, "Our Hired Girl." This declamation seemed popular, as it was delivered by two of the contestants. Nevertheless it was appreciated each time by the attentive audience.

Sixth, Hoods Creek, was represented by Miss Mary Quartermoss, "College Oil Cans." Mary gave in her usual enthusiastic mood and delivered her speech without a visible error. This speech received a most hearty applause by the audience, and has created quite a public sentiment. Mary will ever be remembered by the Hoods Creek pupils and community.

Seventh, Post Oak, Miss Fritts "Writing Letters." A speech short but well given. She, as well as the rest, seemed to be free while on the floor. The judges considered this the star

TWENTY DEAD IN ARKANSAS STORM

**Auguynado Wraps Mattress About
Woman And Dashes H.R.
Against Tree Uninjured.**

Little Rock, Ark., Nov. 30. — Reports received tonight show that ten persons were killed and about twenty-five injured outside the Hot Springs district in Thursday's storm. This, with the ten dead and thirty-six injured near Hot Springs, brought the total for the state to twenty dead and more than sixty injured. George Tanner, whose wife and two children were killed in the headless body of Mrs. Turner and the body of another woman in an express wagon and brought them to Hot Springs hospitals, a distance of two miles. When his grewsome car was delivered, Tanner fainted and it was found that he had suffered a broken leg in the storm. His condition is serious.

Mrs. James Mathews was picked up by the tornado and dashed against a tree. She was not injured as the storm had wrapped a mattress around her before she struck the tree.

Twenty-three members of the family were gathered at the home of James Wright, eating a Thanksgiving dinner when the storm struck. Wright and a five-year-old child were injured and the house was demolished but the twenty-one others in the building were not hurt.

Pennsylvania Wants

Rabbits From Kentucky.

Frankfort, Ky., Nov. 30. — While Kentucky in the infancy of its efforts to re-establish old-time hunting conditions is restocking the field with birds and the mountains with big game, Pennsylvania is short of rabbits and has requested Executive Agent J. Q. Ward of the game and fish commission to secure thirty-six dozen bunnies from the well stocked fields of Kentucky. Pennsylvania will pay 35 cents the head for rabbits

sent in good condition, and Mr. Ward is corresponding with people who, he believes, can fill the order. The man who secures the rabbits will receive the full amount ordered by the state of Pennsylvania.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Some Kentucky History.

The first woman to own a piece of land in Kentucky was Susan Boone, wife of Daniel Boone, who very early obtained a patent for a tract in Madison county.

The first marriage in Kentucky was that of Samuel Henderson to Elizabeth Calloway, Aug. 7th, 1776. Their daughter, Fannie, was the first white child born of white parents in the State.

The first plow manufactured was made by William Pogue at Harrodsburg in 1770. He also made his first loom, while his wife brought the first spinning wheel to this state and wove from the lint of needles the first piece of linen manufactured, and from the flax seed the first piece of linsey.

The first grist mill in the state ran by water was perhaps the one built by Capt. John McMurry, near Shakerstown in Mercer county, in 1792.

The first apple seed were planted in Mercer county by members of the McAfee family in 1775. Dr. Walker and his companions planted the first peach seed and raised the first crop of corn cultivated by white men near Barbourville.

The first wagon of which history gives an account was run

over Smith's wagon road from Lexington to Maysville in 1782 by a man named Smith. — Union-town Telegram.

J. O. Tabor, Mexico, Ky., says: "I had kidney trouble for about six years. The pains in my back were severe at times and when I stooped or lifted, sharp twinges shot through my loins. My back always ached more intensely at night and in the morning, I felt very lame. I tired easily, was languid and nervous and had headaches. After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and lay up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. In the current issue of Farm and Fireside is an interesting article on the medal winners of the Carnegie Hero Fund.

"Since the Carnegie Hero Fund was established," we read, "medals have been awarded to eighty-nine farmers for deeds of bravery. Seventy-eight rail-road men—including conductors, brake men, engineers, switchmen, flag men, yardmen, and all branches of the trade—have been decorated, while the count for miners—engaged in one of the most hazardous of all employments—is but sixty-five, and for those who follow the sea—including fishermen, sailors, deck hands, and so on—is but forty-seven. No other calling has made near so good a showing as farming."

"The surprising things which the record disclosed is that many of the farmer heroes are boys."

Boy Player Killed.

Leitchfield, Ky., Nov. 29.—Herschel Bruner, fourteen years old, son of Dr. D. C. Bruner, of Clarkson, this county, died Sunday night from injuries received in a football game between the Leitchfield and Clarkson teams, played on the grounds of the latter. The injury occurred in a scrimmage, when the knee of one of the players struck young Bruner's head and it is said caused hemorrhage of the brain.

For Mechanical Purposes.

An old farmer went into a dry town drugstore where they used permits, and asked for a quart of whiskey, and having left his glasses at home he couldn't see to fill out the required prescription.

tion, so he had the clerk fill it out for him. When they came to the part of the blank asking whether the spirits were to be used for educational, scientific or mechanical purposes, the old man said: "Make 'er for mechanical purposes; we're going to thresh."—Roselore Sentipel.

JOHN BARLEYCORN CONDEMNED TO DIE

Jury at Central Baptist Sunday Returns Verdict of Guilty and Severe Penalty is Imposed.

The trial of John Barleycorn Sunday morning at Central Baptist Sunday school was an interesting affair. Dr. Perryman was Judge, the school was the jury. H. C. Woolf was the prosecuting attorney and Algin Fielder was the attorney for the defendant.

"John Barleycorn" was brought in—a large pasteboard picture of a bottle dressed up. Attorney Woolf had letters from President Stephens, of the C. & O. railway company, and John Warrermake of Philadelphia, which scored the prisoner. Mr. James Mullins, Jailor, was called to the stand. "Judge Perryman asked him how many were in jail. He said 'from 50 to 60 and most all were young white men.' Then the 'Judge' asked him for what cause were they sent to jail. Mr. Mullins said, 90 per cent were sent there by getting tangled up with John Barleycorn." Then Mr. Woolf presented charts showing how 'Old John' played havoc with bodies, homes and nations. Mr. Fielder took the floor and showed how many million dollars 'Old John' paid to the government and of large sums paid in taxes. He showed not only our nation was in league with him, but many states were. Then he said the two great parties in Kentucky said at the August primary and convention by big majorities that they wanted 'Old John' to continue his business. Mr. Woolf in closing called fifteen boys to come and stand in a row; then said, "'Old John' must have one boy in every five to run his business." It was very impressive when he laid his hand on the fifth boys. Each side rested their case. "Judge" Perryman told the jury that the case was no common one. He said, "the gentlemen you are trying represents a trust of over two billion dollars. You must decide according to the testimony before you." The vote was taken and it was unanimous against the defendant. "Judge" Perryman turned to Mr. Barleycorn and said, "the jury has returned a verdict saying you are guilty and must die." He then snatched him from his position and put his heel upon him and said, "I send you on to perdition from whence you came."

The scene was no doubt the greatest temperance lecture ever given in this city and it will not be forgotten by the large number of people present.—Ex.

Colds Need Attention

Internal throat and chest troubles produce inflammation, irritation, swelling or soreness and unless checked at once, are likely to lead to serious trouble. Caught in time Dr. Bell's Pine-Tar-Honey loosens the phlegm and destroys the germs which have settled in the throat or nose. It is soothing and healing. Pine is antiseptic; honey is soothing—both together possess excellent medicinal qualities for fighting cold germs. Insist on Dr. Bell's Pine-Tar-Honey. 25c at all Druggists.

Mrs. Kelley, of Louisville. Says Tanlac Is All That Helped Her.

Louisville, Ky., Dec. 8.—Mrs. Geo. Kelley, residing at 109 Harrison avenue, Louisville, made the following statement regarding Tanlac:

"I have been under the physician's care eleven years. I suffered principally from indigestion and stomach trouble, with frequent nervous headaches and felt worn out all the time.

"I weighed many pounds lighter than usual when I began taking Tanlac. After using Tanlac three weeks, I now weigh several pounds more than I ever weighed. In fact I have gained rapidly in every way in a comparatively short time.

"Tanlac is really the only thing that has actually helped me. I wish to recommend its use to every suffering woman."

Tanlac, the premier preparation can be obtained in Marion at J. H. Orme's drugstore, and in Blackford at A. T. Brown's drugstore. Advertisement.

Cecelius Tobacco

Act Declared Void.

Frankfort, Ky., Dec. 8.—Confronted, under the decisions of the United States supreme court in the International Harvester company cases with the alternative of declaring unconstitutional the Cecelius act of 1906 permitting farmers to pool their crops for the purpose of realizing a higher price than they otherwise could get, or saying that anybody else, including corporations selling farm essentials, can do the same, the court of appeals has declared the Cecelius act void. It upheld, however, the original anti-trust law of 1890 prohibiting combination in the restraint of trade. It said that law does not abrogate the common law doctrine on the same subject, but it is a companion law. Either may be invoked, it said.

War Upon Pain!

Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H. Soister, Berkeley, Cal., writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared, four hours after the second application I was as good as new." March, 1915. SUFFRAGE GRANTED

1869—WYOMING

1910—WASHINGTON
1911—CALIFORNIA
1912—OREGON

1912—ARIZONA
1912—KANSAS
1913—ILLINOIS
1913—ALASKA
1914—MONTANA
1914—NEVADA

Would any of these States have adopted EQUAL SUFFRAGE if it had been a failure just across the Border?

THE suffrage map of 1916 may show four more "free," white states. Jersey votes on the question of woman suffrage on October 19. New York and Pennsylvania at the November elections. The most significant events of the past week are the announcements by President Wilson, Hon. Lindley M. Garrison, Secretary of War, and Joseph P. Taft, secretary to President Wilson, that as citizens of New Jersey they would cast their ballots for woman suffrage and similar announcements from Mr. McAdoo, Secretary of the Treasury and son-in-law of the President, from Mr. Redfield, Secretary of Commerce, and from Mr. Wilson, Secretary of Labor.

In short, President Wilson, his private secretary and every member of his Cabinet coming from a "campaign" state has declared his intention of voting for woman suffrage this fall. It looks as if the Democrats of the nation were coming out for democracy! What are the Democrats of the Kentucky Legislature going to do about it?

President Wilson begins his statement: "I intend to vote for woman suffrage in New Jersey because I believe that the time has come to extend that privilege and responsibility to the women of the state."

MRS. E. L. HUTCHINSON,

Of Lexington, First Vice President of the K. E. R. A., has recently been elected President of the Fayette Equal Rights Association. Mrs. Hutchinson is arranging for a series of ten lectures for Mrs. Philip Snowden under the auspices of the suffrage organizations of Kentucky. Dates so far arranged are: Covington, Nov. 5th; Richmond, 6th; Lexington, 8th; Frankfort, 12th; Louisville, 14th; Owensboro, 18th; Paducah, 19th. Some dates are still open. Though Mrs. Snowden has to break her Kentucky trip to keep engagements in Cleveland, Cincinnati and Chicago, any town desiring Mrs. Snowden should apply to Mrs. E. L. Hutchinson, Lexington, Ky., for terms and dates.

MRS. J. D. HAYS.

Of Owensboro, the Third Vice President of the K. E. R. A., is prominently known as a club woman and for her excellent philanthropic work in her own city. Mrs. Hays was elected at the last meeting of the K. E. R. A. to fill a vacancy on the board.

"THE TIME HAS COME."

—President Woodrow Wilson

A bill to submit to the voters Kentucky an amendment to the constitution granting suffrage to women will be presented at the next Legislature. The submission of the question was endorsed by the Republican party in convention assembled. The Prohibition and Socialist parties stood, as they have always stood, for the principle of woman suffrage. The platform of the Progressive party adopted at its convention in Louisville contains this plank: "We desire to reiterate our belief in the just principle of woman suffrage and urge upon the next Legislature to submit the question to the voters of Kentucky."

The Democratic party is the only one in Kentucky which has failed to include a woman suffrage plank in its platform. The women of Kentucky will, nevertheless, appeal with some confidence to the Democratic members of the next Legislature to pass a submission bill, especially since the declaration of President Wilson and all the members of his Cabinet in states where the question is to be put to the issue this fall, that the woman suffrage question should be settled by appeal to the voters of each state.

MRS. CHARLES FIRTH,

Of Covington, Second Vice President of the K. E. R. A., has just returned from several weeks campaigning in the state of New Jersey. Mrs. Firth addressed audiences approximating 2,700 people, many of the meetings being held out of doors. In spite of a slight automobile accident in maneuvering for a position on the street in one city, Mrs. Firth kept all of her engagements, won many votes and returned home in good condition and on schedule time. Mrs. Harry Whiteside, of Louisville, another Kentuckian, has been rendering signal service in the New Jersey campaign and will go later to New York. Mrs. Firth and Mrs. Whiteside will tell of campaign experiences at the Phoenix Hotel banquet.

the majority of men who have

BIRTHS

When a little daughter was
left by the stork last Thursday,
Dec. 2nd, 1915, at the home of
Mr. and Mrs. Coleman Foster
on their Cumberland river plan-
tation down in Livingston county
she moved the living generations
in the family up to five, the little
lady Miss Elizabeth Amelia Fos-
ter being first of course. The
2nd being Coleman Foster, her
father, the 3rd, George H. Fos-
ter, her grandfather, the 4th
Mrs. Robt. N. Foster, and the
5th Mrs. Mary Long, the beloved
nonogenarian of this city. On
the maternal side she has only
a grand father, Hon. E. L. Nunn
of Rodney, and on the maternal
grand mother's side there is
another great grand mother in
the person of Mrs. Sally Dancy
Moore, the mother of Mrs. Bessie
Foster, and the venerable relict
of the late James P. Moore, who
still occupies the old home four
miles from Marion on the Salem
road.

A DREAM OF THE PAST.

Uniontown Twenty-eight Years Ago
Tomorrow.

Our countryman, Mr. Fred E.
Robertson, has purchased the
distillery at Marion, and went
over Wednesday last to take
charge of it. He will enlarge its
capacity and make other improve-
ments within the next twenty
days and will endeavor to make
the first mash the first week in
Jan. 1888—Uniontown Telegram.
The above news item published
over a quarter of a century ago
is interesting especially at this
time when the old distillery is
being torn down. It was dis-
mantled of all machinery last
summer and now the building is
being razed. No whiskey has
been made here for several
years and ere long "old Hickory"
will be in reality a dream of the
past. Fred Robertson and his
wife have gone to their long
sleep and the home they occupied
and the distillery he operated
have long since passed into other
hands.

Home Economics Club Organized.

At the last meeting of the

SAM GUGENHEIM A FARMER

Well Known Capitalist Buys The
Eskew Farm.

Two deals were consummated
last week which we think are of
vast importance to Crittenden
county and her farmers. One
was the purchase by Sam Gugen-
heim, the well-known merchant,
of the Eskew farm of 200 acres,
2 miles west of Marion, on the
Salem road, and the second was
the leasing of said farm to J.
Robt. Bird, the county farm dem-
onstrator, who will make a dem-
onstrator farm out of it and en-
deavor to show our Crittenden
county farmers by new methods
that our land can be built up
and made to produce double what
much of it does produce now
under old methods. We regard
this as a fortunate deal all around.

Mr. Gugenheim having the
capital which he is always will-
ing to put into a safe proposition
saw at a glance the bargain to be
had in this farm under Mr Bird's
control. We look for 100 per
cent. enhancement in this prop-
erty within a couple of years.

Corn and Pig Club Meeting At Oak Hall.

On account of bad weather and
sickness the last announced
meeting was delayed, but once
more the invitation is extended
to everyone who is interested in
the future success of the boys
and girls, and especially the boys
and girls themselves are invited
to come for the purpose of dis-
cussing the kind of hogs they
are most interested in growing,
and the kind of corn that may
be most profitable to grow.

It may be a good idea for the
girls to consider the organization
of a Poultry Club for the year
1916.

Each member come with the
thought of voting for one special
breed of hogs and corn, for as
we understand they are more
profitable.

There are many ways in which
the girls and boys may make
their club organizations profit-
able—first, by a thorough organi-
zation; second, by all the mem-
bers growing the same kind of
thoroughbred hogs and corn;
third, by selling their products
as represented.

The breeders of thoroughbred
hogs are requested to come and
quote prices of coming Jan. and
Feb. pigs.

This meeting and a debate,
resolved that the average farm-
er does not need the A. B.
degree. The meeting will be
held on Monday night Dec. 13,
at H. Postlethweight, Pres.
Hayme Claghorn, Sec.

DEATHS

Word was received Sunday of
the death that morning of Mrs.
May Ledbetter at Cave-in-Rock,
Ill., only daughter of Dr. Greg-
ory, of that city. Dr. Gregory's
first wife was Miss Florence Mc-
Fee, daughter of Mrs. Anna V.
McFee, of this city.

Miss Bertha Ramsey passed
away Thursday, Dec. 2nd after
an illness of nine months, almost
all of which time she was bed
fast. She was a school teacher
and held a first class certificate.
She loved the work and bid fair
to make a successful teacher.
She was a bright, industrious
christian girl, of 24 years of age
and will be sadly missed by her
lonely mother and one sister Mrs.
Melvin Roberts, and one brother
Willie Ramsey. Her father Rev.
Chas. Ramsey preceded her two
and one half years ago and two
brothers have died since then.

May God heal the broken heart
ed relatives and especially bless
her sister who so faithfully and
tenderly nursed Bertha during
her illness. She was buried at
Freedom Friday, of which church
she was a member.

DOWN TO WOMANKIND.

I take great pleasure in announcing to the public the great benefits I received from the use of Dr. Pierce's medicines. I had that dreadful woman's trouble, which caused such bearing-down pains, burning sensation, and dull feeling in my head that I became a nervous wreck. I had five children, all to no avail. I had to die and to leave my dear husband and five little girls to the mercy of the world, when at last my husband and me to try Dr. Pierce's medicines. I had 118 pounds when I began their use. I used 18 bottles of 'Favorite Prescription' and 'Golden Medical Diet' and four or five boxes of 'Lotion'. At the end of the treatment I weighed 163 pounds."

—MRS. L. K. McCLELLAN, of Paducah, Ky.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, the three periods of life when health strength are most needed to withstand the pain and distress often caused by organic disturbances. These are the critical times when women are best served by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved value that keeps the female system regulated in condition.

Often, if your daughters are weak, nervous, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom back to their cheeks and make them strong and healthy.

Don't Forget To Fertilize.

There was a man in our town,
And he was wondrous wise,
He knew that if he wanted crops,
He'd have to fertilize.

It's nitrogen that make things green,
Said this man of active brain;
And potash makes the good strong straw,
And phosphate plumps the grain.

But it's clearly wrong to waste
plant food,
On a wet and soggy field,
I'll surely have to put in drains,
If I'd increase the yield.

And after I have drained the land,
I must plow it deep all over;
And even then I'll not succeed
Unless it will grow clover.

Now acid soils will not produce
A cloven sod that's prime,
So if I have a sour soil,
I'll have to put on lime.

And after doing all these things,
To make success more sure,
I'll try my very best to keep
From wasting the manure.

So I'll drain and lime and cultivate
With all that, that implies,
And when I've done that thoroughly,
I'll manure and fertilize.

College of Agriculture, Ohio State University.

WEEKS TO CHRISTMAS

A Few Days More and the Stockings Will Be Up. Is Your Buying Done?

France Was Once Unprepared as We Are Today.

"France was beaten in 1870," says Professor Charles Downer Hazen in the December American Magazine, "because she was hopelessly unprepared for the elemental contingency that may come to any people, as all history and all reason abundantly prove. Her unpreparedness pervaded every aspect of the national life. Her government, her administrative system, her diplomacy, her army and navy all bore cumulative witness to the truth that a successful war cannot be improvised, but is the reward of long, patient, intelligent labor. Her unpreparedness was none the less because her rulers announced that she was absolutely ready. Ollivier, the head of the ministry, declared in the Chamber of Deputies that he accepted the war 'with a light heart,' a phrase he was destined to be still explaining more than forty years later—indeed until his death last year. The Minister of Foreign Affairs, Gramont, let the Chamber understand that a triple alliance would within a few hours be concluded with Austria and Italy. Moreover, 'after a victory we shall have all the allies we want,'

The Minister of War, Marshal Leboeuf, declared that the army was ready, more than ready, and that if the war should last a year we would not have to buy a single gaiter button."

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guaranteed here by JAS. H. ORME Marion, Ky.

DESTRUCTION OF BIRDS

Big Price Paid by Americans for Their Thoughtlessness.

Chicago, Nov. 30.—Destruction of birds, according to Col. G. O. Shields, president of the League of American Sportsmen, costs the United States a billion dollars a year. Colonel Shields made the assertion in an address before the Chicago chapter of the Daughters of the American Revolution day.

"Cotton growers," he said, "lose \$100,000,000 a year by the toll weevil. Why? Because the quails, the prairie chickens, the meadow larks and other birds, which were formerly there in millions, have been swept away by thoughtless men and boys."

The chinch bug costs wheat growers another \$100,000,000 he said, and the Hessian fly \$200,000,000.

"It takes more than 24,000 chinch bugs to weigh an ounce, nearly 50,000 Hessian flies to weigh the same," continued the speaker. "A quail killed by an expert in Ohio had in its craw 1,200 chinch bugs. Another killed in a Kansas wheat field had 2,000 Hessian flies."

Colonel Shields added that potato growers pay \$17,000,000 a year for spraying poisons and remarked that a quail slain in Pennsylvania had 127 potato bugs in its craw. He said that Mrs.

Margaret M. Nice, of the faculty of the Massachusetts State University, after long study, estimated that a quail destroys 75,000 bugs and 6,000,000 weed seeds annually.

To Our Subscribers.

A great many subscriptions to the "Crittenden Record-Press" expire Christmas, just one month off. According to custom established by the founders of this paper—nearly 40 years ago, there will be no paper published during the holidays. However we will get no rest, the time being taken up in opening new books for 1916, transferring the hundreds of names to them and getting things in order for the "New Year It will greatly facilitate our work if renewals are made by or before the date of expiration. This would enable us to know who to put on the new books and who to leave off.

If we send papers overtime to some people they claim to not appreciate it and often are not honorable enough to pay us for it. This prompts us to say please come in and renew and pay all arrears. No paper will be mailed after Christmas on which a years subscription is due.

French Loan of Victory Greatest Issue in All History

Paris, Dec. 6.—Subscriptions to the French government "Loan of Victory" are exceeding all expectations. It is estimated in financial circles that yesterday's subscriptions in Paris alone exceeded 25,000,000,000 francs (\$5,000,000,000). The Bank of France alone reported it had received subscriptions of 15,000,000,000 francs.

Dispatches from Marseilles, Lyons and other provincial centers say that the banks, post-offices, and tax collectors' offices were thronged all day yesterday with applicants in answer to the appeal of the government.

"What's your hurry?"
"My fire insurance expires at noon!"
"What company are you in?"
"I don't bother about details."
"Ever take notes from your customers?"
"Sometimes."
"Ever take a note without knowing the name of the man who made it?"
"Well, I guess not!"
"What is a note, anyway?"
"A promise to pay."
"What's a fire insurance policy?"
"I get you! A promise to pay if you have a fire."
"Exactly. You're paying good money for a promise to pay without knowing the name of the company that promises!"
"Say, what company are you in?"
"The panic-proof Hartford Fire Insurance Company. A company that has promptly settled every honest loss for 105 years."

May we show YOU a Hartford policy? Costs no more than others.

IN MEMORIAM.

Joseph A. Hina was born Feb. 16, 1831, at Baden-Baden, Germany, and came to America in 1850, and came to Bell's Mines in 1852.

He was married to Margaret Ann Murphy in 1858. To this union were born five children—four boys and one girl, namely, Mrs. Annie Brightman, George, William, John and Charley.

He professed faith in Christ about fifty years ago and joined the Cumberland Presbyterian church about forty years ago at Bell's Mines, and was made ruling elder and also clerk of the session. He has one of the best kept records in Princeton Presbytery. He loved his church, and was true and faithful as long as he was able to attend the church services.

His wife died April 28th, 1915, making seven months and one day difference in their deaths. God called for Bro. Hina Nov. 23rd, 1915. All of the children were present. This the second death in this immediate family. Bro. Hina prayed many times for a quiet and peaceful hour in which to die. And when the trying hour came, he so quietly passed away, not a struggle, not a sigh, just as life went out, a beautiful expression came over his face which would indicate, beyond a doubt, that Sister Hina met him at Heaven's gates.

Bro. Hina was educated for a Roman Catholic priest. Bro. Hina was a good conscientious christian father. We do not weep today as those who have no hope, but it makes us sad because he is gone, we won't hear his voice any more.

Every thing done that devoted children, and good neighbors could do, but God said, "It is enough, come up higher."

The funeral sermon was preached by

SINCE TAKING PERUN

I can say my
bowels are much
more regular.
My heart is
stronger.
My appetite is
much better.
My throat is
much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

Rev. W. T. Oakley in the presence of a large sympathetic audience, assisted by Rev. C. T. Boucher, the pastor. The floral offering was beautiful. After the service the body was placed beside his wife in Bell's Mines cemetery. This ends the life of a great man.

"King Alfonso attends to this correspondence personally and the steps deemed necessary are ordered taken by him immediately. Letters regarding British citizens, who are under American protection, are communicated at once to the American Ambassadors. The King often stays up far into the night awaiting telegraphic replies to his appeals, so that he can forward their contents at once to waiting relatives. LOYD'S BRAIN LEAKS.

BY F. S. LOYD:

Hub Botler said to his wife, "It makes me mad the way a fellow has to work to make a success in this

world." "Well did you ever get any without working hard for it?" said his wife.

"Yes, once, I got a bad cold," Newt Dollar says, "Why it it that the woman who does her own work and her housework, never suffers from nervous prostration?"

George Reed says a woman has more patience than a man. She expects her reward in heaven, but a man wants his while he is here.

Senator Deboe says when two men start in to tell each other how hard it is to work; each silently wondering if we how the other can be such a liar and live.

John Travis says a husband is usually an animal who has to listen while his wife tells him how good and attractive all other husbands are to their wives.

Albert Elder says a man wouldn't lie to his wife as often as he does, if he didn't know from experience that she wouldn't believe the truth.

One of our town ladies say a girl can get used to a husband, but she never gets used to a father and mother-in-law.

Uncle Dock Green says the wise man isn't the man who never makes mistakes. The wise man is the one who learns something every time he makes a mistake.

Newt Dollar says any girl would rather have you stare at her than pass her by and act as if you thought she wasn't worth staring at.

Uncle Gus Bentley says when the germ of suspicion crawls in at the door the microbe of love flies out of the window.

Daddy says pay as you go and the going will be easier.

Frank Davis says a man is always willing to give two for one, when he is swapping kisses.

Mrs. Albert Elder says any married woman can tell you that the supply of excuses is always away ahead of the demand.

Ed Baker says about the only racket that resembles a free-for-all fight between 200 sparrows, is that made by about 20 women who are all gabbing at the same time.

Roe Patterson says the man who merely gives everybody the benefit of the doubt, has a pretty good sort of religion.
